

Expanding our Neighbourhood Plan to cover the whole Parish of Upper Hardres

Upper Hardres
Parish 2041

????

This leaflet has been updated to promote Upper Hardres Parish Council's intention to expand our neighbourhood plan from Bossingham to now cover the entire parish of Upper Hardres.

This leaflet highlights the benefits of a neighbourhood plan and has been produced to encourage support from across the parish.

What is a Neighbourhood Plan?

- An official and legal document that describes, where, when and how development can take place. To find out more please visit <https://locality.org.uk/services-tools/neighbourhood-planning>
- Which is being created by local residents of our parish of Upper Hardres
- Which enables local people in our community to determine how our parish develops in the future

If you think a Neighbourhood Plan is a good idea, then there are two ways you can help us

- Firstly, please provide your feedback on our decision to implement a neighbourhood plan for the entire parish of Upper Hardres
- And secondly, if you want to become involve and have 1-2 hours every two months then please join our neighbourhood plan steering group.

Please forward your responses to Mick Broughton at mick.m.broughton@gmail.com our parish clerk at uhpc.clerk@gmail.com or contact any of our Upper Hardres Parish Councillors.

What are the benefits of a Neighbourhood Plan for Upper Hardres Parish ?

- It enables **our community to define how we want our parish to develop.**
- It means future planning applications will need to align with our plan, preventing future planning applications being dealt with on an individual basis.
- It will increase the new "Community Infrastructure Levy (CIL)" funds available in our parish from 15% to 25%.
